San Tan National Little League Announces New Partnership with Velocity Sports Performance

Gilbert-based Training Center Guarantees to Improve Athletes' Speed, Power and Agility

GILBERT, AZ – March. 12th 2008 – San Tan National Little League is proud to announce a new partnership with Velocity Sports Performance of Gilbert (Velocity), the training center where athletes of all ages and skill levels are guaranteed to maximize their athletic potential through scientifically designed sports performance training programs. The partnership will enable San Tan National Little League athletes the opportunity to train in tightly focused groups with Velocity's highly educated and certified coaches to improve their speed, power and agility, the three pillars of athleticism. The athletes will have access to Velocity's proven training methodologies in a state-of-the-art facility that includes an athletic turf field, sprint track, hard court surface and Olympic style weightlifting equipment.

"I am excited to work with San Tan National Little League young athletes to provide a service to them that is like no other," said Rich Barker, business director, Velocity Sports Performance of Gilbert. "Our staff is dedicated to ensuring that these young athletes perform at their optimal level by administering our scientifically proven performance programs by our highly trained coaches."

Velocity Sports Performance, the only nationally franchised sports performance training company, was founded in 1999 by world-renowned speed and sports performance coach, Loren Seagrave. Velocity guarantees to maximize human sports performance through training in speed, agility and coordination, strength and power, flexibility, energy system development and muscle regeneration.

A member of Little League Baseball, San Tan National Little League is dedicated to making its programs available to all interested youths and teaching good sportsmanship, fair play, a love for the game of Baseball
